ENGLISH SPARKLING WINE

RIDGEVIEW

ENGLAND

Established in 1995 and located at the foot of the picturesque South Downs, Ridgeview is a second generation family company dedicated to the production of the highest quality English sparkling wines. Using traditional Champagne grape varieties and winemaking techniques their passion and determination have significantly contributed to the international reputation and popularity now attributed to English wine industry.

Ridgeview produces a sumptuous collection of complex and sophisticated wines to be enjoyed for every occasion, from lazy summer afternoons to state banquets and everything in between. The world class status of their wines is reflected by the number of national & international medals and trophies they have received since the release of their first wines from the 1996 vintage. With a philosophy of 'minimal intervention' whilst keeping control of the process, they ensure that the focus is on quality from vine to glass.

BY THE GLASS & CARAFE

Here at the Mercer we are dedicated to serving you wines in the best condition possible and have installed both Enomatic and Verre-du-Vin systems to achieve this. The Enomatic replaces the residual air in a bottle with inert nitrogen gas to avoid the damaging influence of oxygen on wine. This allows us to preserve more than 30 different fine wines at any time so that you can try them by the 175ml glass or by either 250 or 500ml carafe. 125ml glasses are also available upon request. The Verre-du-Vin vacuum system is used to store not just wines, but also our wide range of champagnes, sparkling, dessert wines and port which we also serve by the glass.
